

Date: September 16, 2016

Dear Omron Adept Customer,

We are writing to give you an important announcement about the status of our SmartMotion Controller (sMI6) and our sDIO products. We regret to inform you that these product lines will be discontinued. Both products do not meet the new EU directive 2011/65/EU (Restrictions of Hazardous Substances) which is effective in July 2017.

The last available purchase date for these products will be March 31, 2017.

We will continue service and support, including spare parts, for these items for an additional 5 years through March 2022.

We understand that this notification may cause disruptions to your business and we apologize for this inconvenience. Please see the following notification details to determine how we can best meet your immediate needs. Adept Customer Service will assist you in determining whether your systems are impacted by this announcement, and we encourage you to plan accordingly. Please contact us for assistance in planning for your long-term support needs. Adept Customer Service and Service Sales can be reached at support@adept.com and parts@adept.com, respectively. In North America, you may also call our service hotline at 925-245-8182 or 800-232-3378.

Sincerely,

A handwritten signature in black ink, appearing to read "Yan Banducci".

Yan Banducci
Senior Product Line Manager

Product End of Life Notification

Description: Omron Adept Technologies is announcing the End-of-Life (EOL) for SmartMotion Controller sMI6 and sDIO

When: All orders that have been received will be fulfilled. The end-of-life for new standard orders is effective.

- March 31, 2017

End-of-Life Part Numbers:

- Omron Adept SmartMotion Controller - 01838-000
- Omron Adept sDIO - 90356-20200

Note: See appendix A for complete list of sales bundle part numbers that contain the sMI6 and sDIO products.

Replacement Products:

There are no direct replacement products for the SmartMotion Controller sMI6 and sDIO. However, the Omron NJ and NX motion controllers are capable of similar motion and digital input/output controls. Please contact your local Omron Adept representative for more details.

Appendix A: End of Life Sales Bundles that contain Python Modules and Servo Kits
